

Established for the advancement of educational dynamics, the development of better tools for extending and expanding the role of 3D Technology through education, we are here to make a difference.

You may STOP the slideshow at any time. Go to the top Menus and click 3D Project-->Project Wall. The Project Wall lets you click on any slide to learn more about GIVE3D at your own pace.

A rustic classroom with wooden desks and a chalkboard. The room has a corrugated metal roof supported by wooden beams. The walls are made of mud and brick. The floor is dirt. There are several wooden desks and benches arranged in rows. A chalkboard is mounted on the wall, and a window is visible on the left side.

IT'S TIME TO GIVE BACK

GIVE us a few seconds of your time...let us show you what we can do. We are a non-profit organization developing 3D technologies to enhance and advance educational verticals.

GIVE3D INC

Mission

Innovation is vision guided by sensitivity to our environment and history, resulting in a purpose driven cause.

**Virtual Conferencing
as Real and Effective
as a Live Encounter**

**BUSINESS APPLICATIONS
3D Virtual Conferencing**

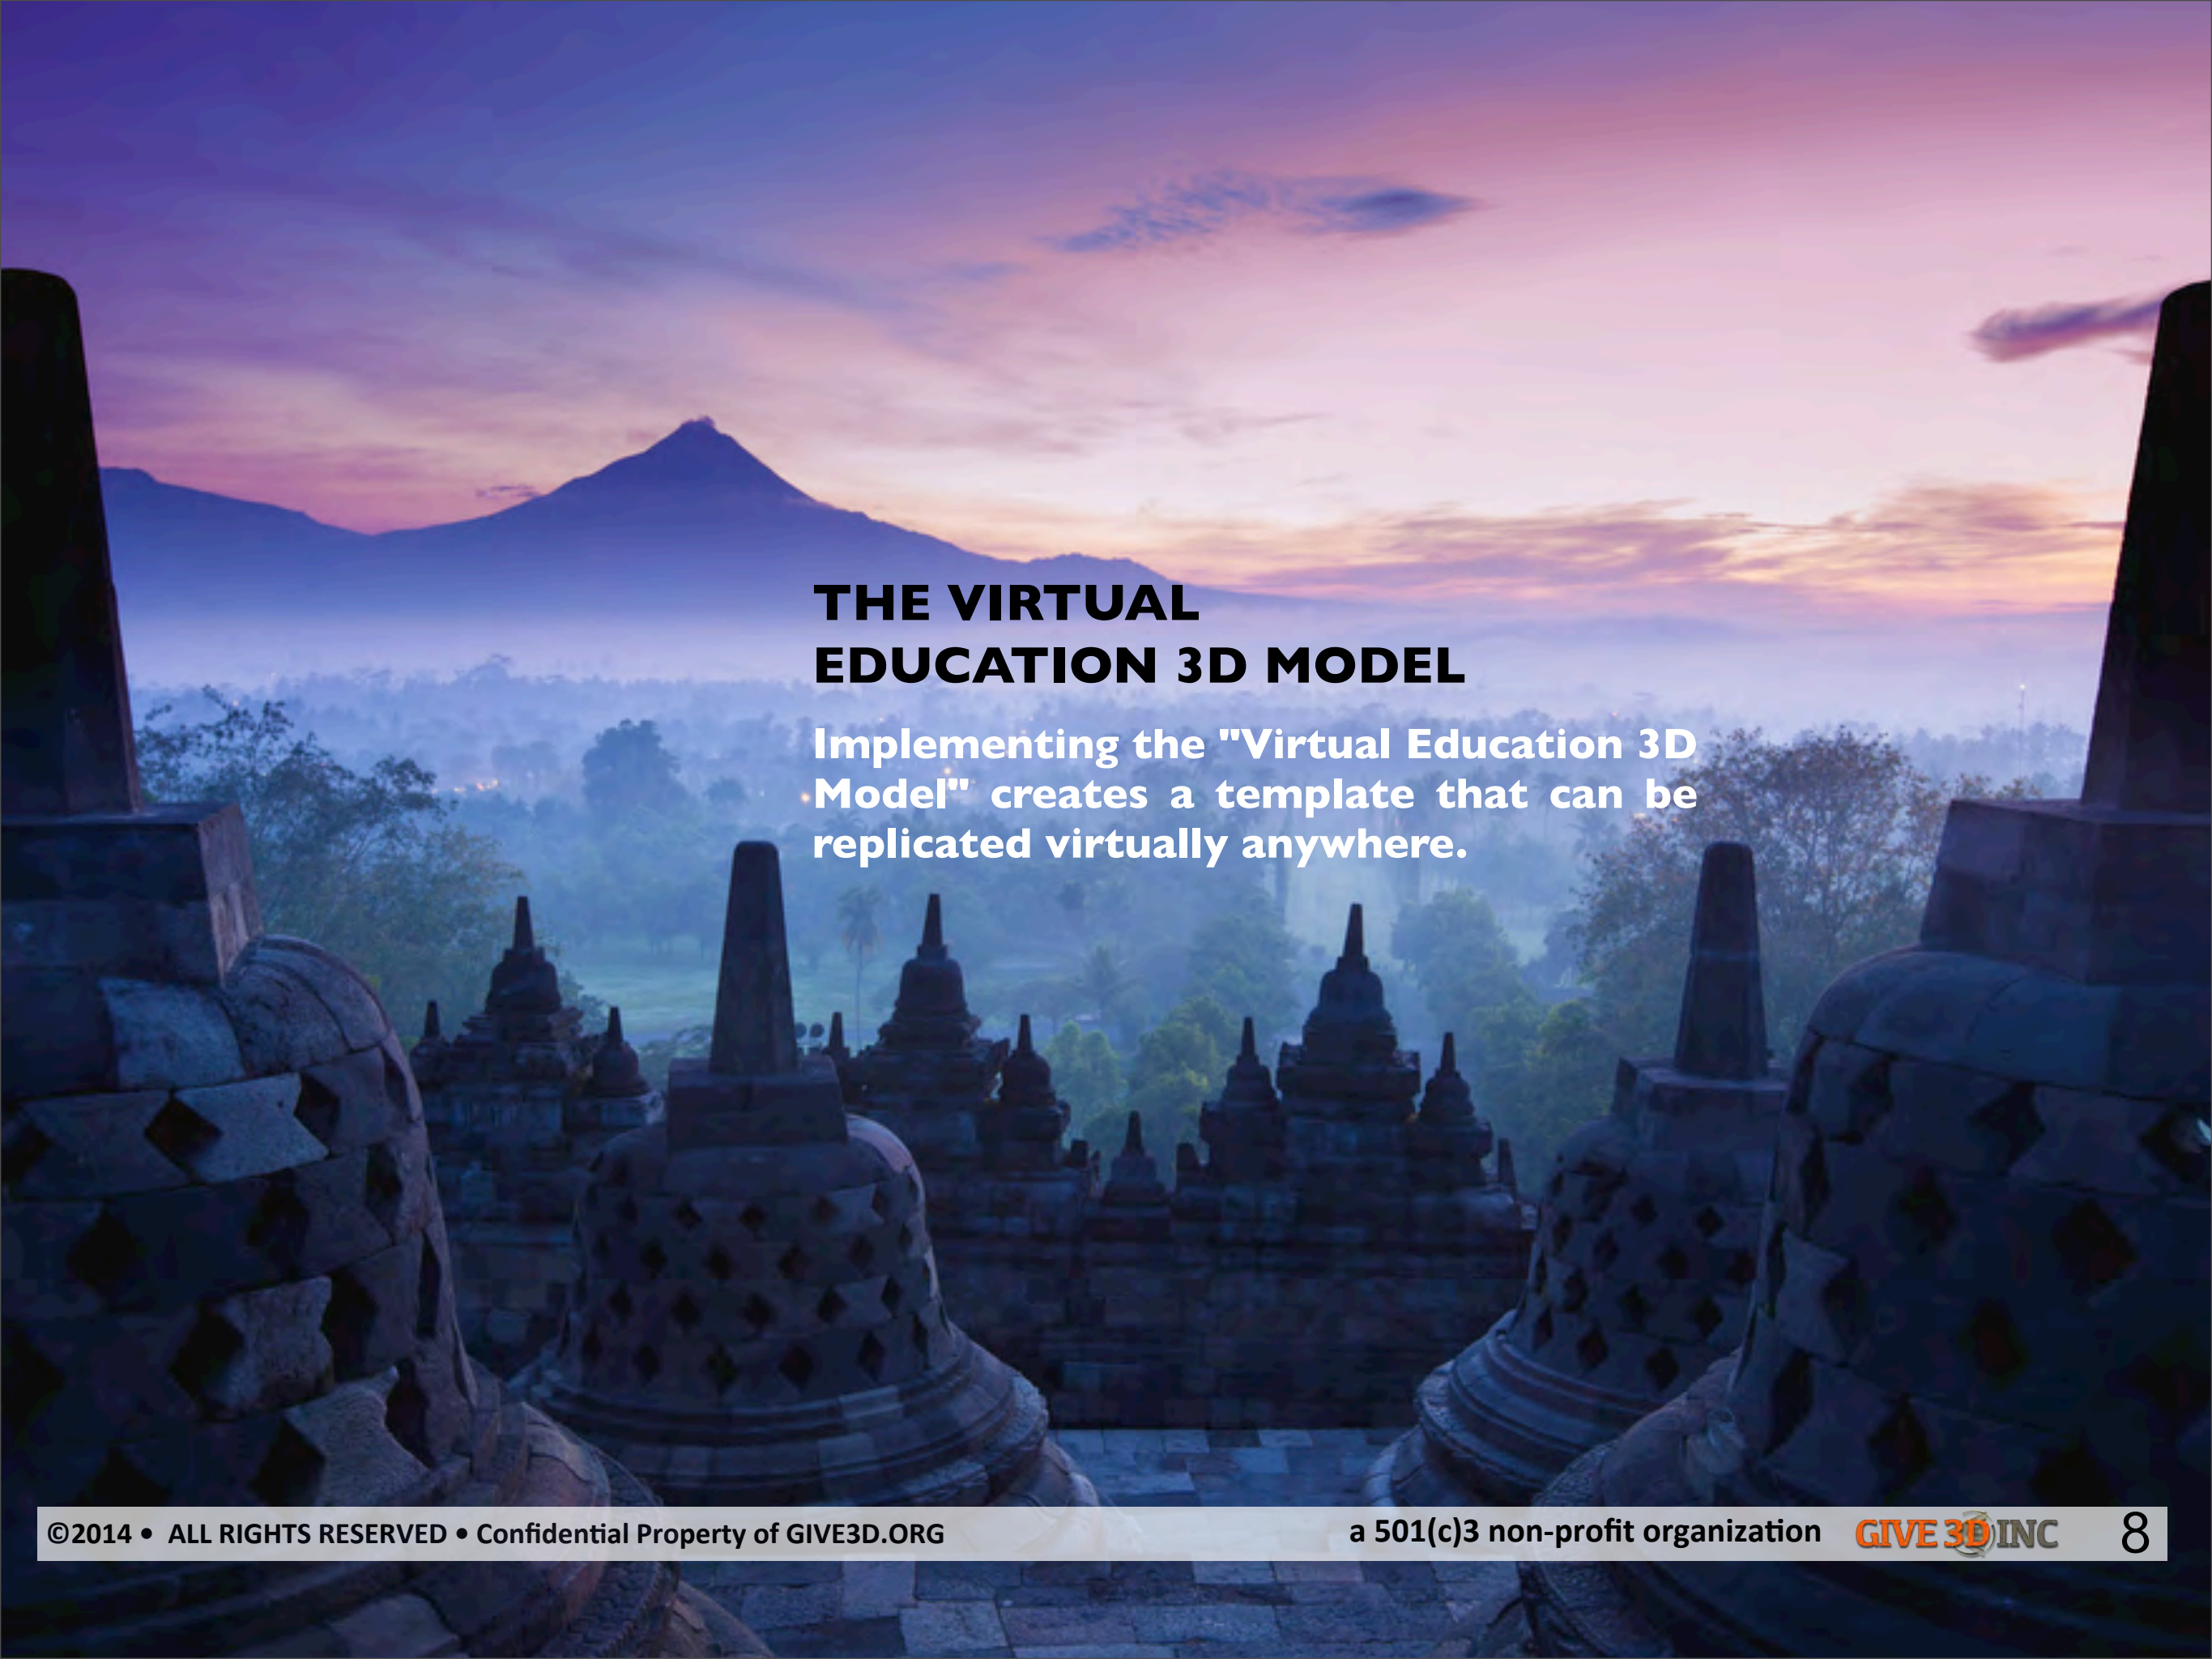

Vision

GIVE3D becomes a model for innovative 3D educational solutions in an increasingly globalized world.

**THE VIRTUAL 3D
INNOVATIVE LEARNING HUBS**

**Connecting hubs around the
world with one another.**

THE VIRTUAL EDUCATION 3D MODEL

Implementing the "Virtual Education 3D Model" creates a template that can be replicated virtually anywhere.

UGOC will serve as a Virtual Learning Hub.

**THE UNIVERSITY
LECTURE PROGRAM**

**This is the
University
GOC in Haiti.**

Research shows that 3D in education significantly improves student attention, student retention, and better student test scores than those in regular classes.

AN ANSWER TO THE EDUCATIONAL DILEMNA

THE CORE CURRICULUM CONTENT STANDARDS

**INNOVATIVE
SOLUTIONS**

**Presenting Virtual 3D
Field Trips/Tours**

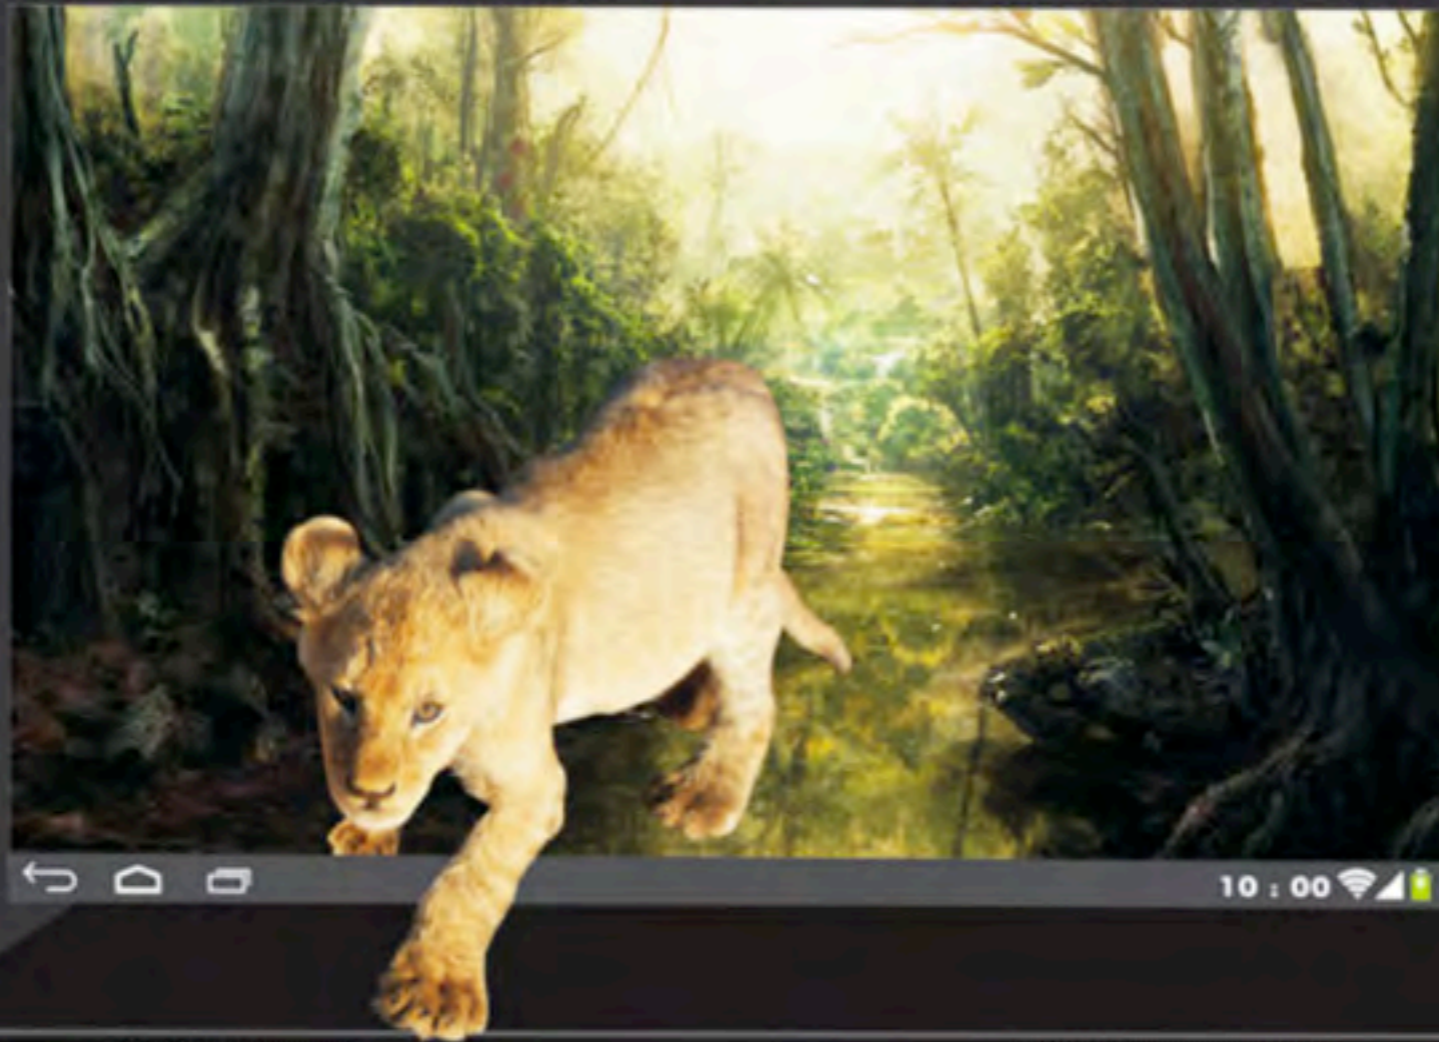

A man in a dark suit and red tie stands on a stage, gesturing towards a 3D anatomical model of a human body. The model is semi-transparent, revealing internal organs and muscles, with several red glowing spots. The stage is lit with spotlights, and a large audience is seated in the foreground, facing the stage. The background is a dark curtain.

LESSONS WITH CONTENT

Changing the Way Lectures
are Presented

TRANSFORMING THE CLASSROOM AND THE WAY STUDENTS LEARN

THE 3D EDUCATIONAL TABLET - UNLEASHED

The benefits of **3D virtual** animation have been proven effective, and bring a unique benefit to medical training efforts.
